

Syndopour 200-MB

Syndopour 200-MB

Melt & Pour syndet base

This unique RSPO certified Melt & Pour syndet base is ultra-mild and 100% soap-free. Syndopour 200-MB is dermatologically tested which gives you the ability to create a variety of mild, pH balanced hair, body and facial bars.

The first of its kind, Syndopour 200-MB has a luxurious lather and high foaming properties, providing the perfect starting point for an innovative range of pH-neutral bars that are kind to skin.

² Derived from RSPO Mass Balance (MB) palm kernel oil
RSPO Certificate Number: BMT-RSPO-000008

Introducing Syndopour 200-MB

A revolutionary syndet Melt & Pour base

Advantages of formulating:

- » This Melt & Pour base provides accessibility to produce syndet bars by hot pour without large scale manufacturing equipment
- » Syndopour 200-MB allows you to create dermatologically tested syndet bars for a wide range of products, including facial skin care and shampoo bars which are tailored for sensitive skin and scalps, unlike a traditional glycerine soap
- » Syndopour 200-MB produces a more consistent bar quality compared to other production methods such as compressed bars
- » Other applications Syndopour 200-MB can create include moisturising shave bars, solid beauty bars and exfoliating scrub bars

Conditioning Shampoo Bar

Use Syndopour 200-MB to produce a conditioning shampoo bar, which gently cleanses the hair and scalp with its luxurious foam, leaving hair nourished and conditioned.

Syndopour 200-MB: 98.50%

Perfume (Coconut): 1.20%

Empigen ® S18: 0.30%
